

7. Various VT Laws Dealing With Animals

Overview

In this section, we have included Title 13, which is Vermont's criminal statute relating to the humane and proper treatment of animals. In certain sections within Title 13, notations from the Vermont Animal Cruelty Response Coalition ("*VACRC Notes*") offer insights gained from practical experience in the field. We have also included a section of USDA law that may be relevant when Vermont laws are being violated, as well as some other relevant animal laws outside of Title 13.

Note that in charging a person with violations of Title 13, the number of charges you bring depends on the number of animals involved or the number of individual acts of cruelty. Thus, if you have a violation and you find 10 animals in that situation, then you have 10 violations of that section, or if you determine that a dog has been beaten on five different occasions, you could have 5 violations of Section 352. However, the State's Attorney may elect to charge on fewer counts than you present.

Also included are relevant sections of Title 20, Vermont's civil statute relating to animals and public safety issues. There are no notations from the Vermont Animal Cruelty Response Coalition within the text of Title 20 provided, however if you have any questions about possible violations of the statute, contact the appropriate enforcement agency, such as The Agency of Agriculture or your local legislative body.

The *Animal Welfare Regulations* promulgated by the Agency of Agriculture under Title 20, Chapter 194, Section 3908 are also included. It should be noted that these regulations apply to pet dealers, pet shops and animal shelters, and should not be confused with criminal statute referenced in Title 13.

In addition, a law passed in 2007 allows law enforcement officers to issue a civil citation of up to \$500 to a person who violates subdivisions 352(3), (4), or (9) of Title 13 *if* the person has *not* been previously adjudicated in violation of this chapter. At any time the state's attorney may withdraw the complaint filed with the judicial bureau and file a criminal charge. Fines, forfeitures and penalties are paid to the respective village, town or city, except for a \$12.50 administrative charge retained by the state. (See Title 13, 353 (4)(a) and (b))

You should also become familiar with any local ordinances relating to animals and animal control in your own municipality. In some cases, your local ordinance may be more restrictive (but never less restrictive) than state law, and hold animal owners to a higher standard.

IMPORTANT NOTE: As we said at the beginning of this manual, in any case where the reader has a question regarding the intent of the laws and/or legal proceeding discussed in this section or any other section of this manual, or their legal rights and duties in the situations described in this section or any other section of this manual, they should consult an attorney for advice BEFORE proceeding.

Remember that laws may change each year. Thus, to stay current with the animal cruelty laws and animal control laws, check with your local and state legislative bodies. The Vermont Statutes are updated on the Vermont Legislative website at <http://www.leg.state.vt.us/statutesMain.cfm>

Title 13: Crimes and Criminal Procedure

Chapter 8: Humane and Proper Treatment Of Animals

§ 351. Definitions

As used in this chapter:

- (1) "Animal" means all living sentient creatures, not human beings.
- (2) "Commissioner" means the commissioner of agriculture, food and markets.
- (3) "Horse" means the entire family of equidae.
- (4) "Humane officer" or "officer" means any law enforcement officer as defined in 23 V.S.A. § 4(11), auxiliary state police officers, deputy game wardens, humane society officer, employee or agent, elected animal control officer, animal control officer appointed by the legislative body of a municipality, local board of health officer or agent, or any officer authorized to serve criminal process.

VACRC Notes: 23 V.S.A. § 4(11) defines law enforcement officers as “sheriffs, deputy sheriffs, constables, police officers, state’s attorneys, motor vehicle inspectors, state game wardens and state police . . .”

- (5) "Humane society" or "society for prevention of cruelty to animals" means the Vermont Humane Federation, Inc., or its successor, or any incorporated humane society which, through its agents has the lawful authority to interfere with acts of cruelty to animals.
- (6) "Local board of health" means the town or city health officer and the boards of selectmen or aldermen.
- (7) "Necessary medical attention" shall include but not be limited to medical treatment for illness, injury, disease, excessive parasitism, or malformed or overgrown hoof.
- (8) "Person" means any individual, firm, partnership or corporation, or authorized agent or representative of a person, partnership or corporation.
- (9) "Sanitation" means the maintenance of clean conditions for indoor and outdoor enclosures to minimize health hazards, including periodic cleanings to remove excretions or other waste materials, dirt and trash.
- (10) "Torture" or "torment" means omission, neglect, or an act by an animal owner or other person, whereby physical pain, suffering or death is caused or permitted to be caused to an animal.

VACRC Notes: Definition 10 provides for the charge of cruelty in cases where neglect or omission of care (not just overt actions) caused “physical pain, suffering or death” to an animal.

- (11) "Livestock" means cattle, bison, horses, sheep, goats, swine, cervidae, ratites and camelids.
- (12) "Poultry" means meat and egg producing chickens, exhibition (fancy) chickens, turkeys, domestic ducks, geese, pheasants, chicken partridge and cotarnix quail.
- (13) "Livestock and poultry husbandry practices" means the raising, management and using of animals to provide humans with food, fiber or transportation in a manner consistent with:
 - (A) husbandry practices recommended for the species by agricultural colleges and the U.S. Department of Agriculture Extension Service;
 - (B) husbandry practices modified for the species to conform to the Vermont environment and terrain; and
 - (C) husbandry practices that minimize pain and suffering.

VACRC Notes: Husbandry practices mentioned in Definition 13 are a “collected body of knowledge” which may be applied on a case by case basis, rather than a specific set of defined or articulated standards. In all cases involving livestock and poultry, the Agency of Agriculture must be consulted prior to proceeding with charges. See Section 354 (a) of this Title and Appendix IV, “Consulting with the Agency of Agriculture on Livestock Cruelty”.

- (14) "Agricultural or sporting association" means an organization or association determined by the commissioner. (Added 1989, No. 270 (Adj. Sess.), § 2; amended 1997, No. 130 (Adj. Sess.), § 4.)
- (15) “Living space” means any cage, crate, or other structure used to confine an animal that serves as its principal, primary housing. Living space does not include a structure, such as a doghouse, in which an animal is not confined, or a cage, crate, or other structure in which the animal is temporarily confined. (Added 2004, No. 120)
- (16) “Adequate food” means food that is not spoiled or contaminated and is of sufficient quantity and quality to meet the normal daily requirements for the condition and size of the animal and the environment in which it is kept. An animal shall be fed or have food available at least once each day, unless a licensed veterinarian instructs otherwise, or withholding food is in accordance with accepted agricultural or veterinarian practices. (Added 2004, No. 120)
- (17) “Adequate water” means fresh, potable water provided at suitable intervals for the species, and which, in no event, shall exceed 24 hours

at any interval. The animal must have access to the water. (Added 2004, No. 120)

- (18) “Adequate shelter” means shelter which protects the animal from injury and environmental hazards. (Added 2004, No. 120)

§ 351a. Purpose of subchapter

The purpose of this subchapter is to prevent cruelty to animals. In implementing this subchapter, enforcement officers are encouraged to educate the public on requirements of the subchapter and, when appropriate, to seek voluntary resolution of violations. (Added 1997, No. 130 (Adj. Sess.), § 5.)

VACRC Notes: The purpose of the subchapter emphasizes the role of education in a humane officer’s job. Where appropriate, working with pet owners to provide assistance and education about the proper treatment of animals can be an effective response to cases of neglect. Consistent with the statute, a civil penalty or a voluntary resolution in some situations may be the sole appropriate response, without a need to have criminal charges brought against a pet owner.

§ 351b. Scope of subchapter

This subchapter shall not apply to:

- (1) activities regulated by the department of fish and wildlife pursuant to part 4 of Title 10;
- (2) scientific research governed by accepted procedural standards subject to review by an institutional animal care and use committee;
- (3) livestock and poultry husbandry practices for raising, management and use of animals;
- (4) veterinary medical or surgical procedures; and
- (5) the killing of an animal as provided by sections 3809 and 3545 of Title 20. (Added 1997, No. 130 (Adj. Sess.), § 6.)

VACRC Notes: Title 20, Chapter 193, Section 3809 allows for the killing of a domestic pet or wolf-hybrid which attacks a person or domestic animal; Section 3545 (a) allows for the killing of a domestic pet or wolf-hybrid that suddenly assaults a person, provided that “the attack or assault does not occur while the (animal) is restrained . . . within an enclosure . . . or on the premises of the owner.”; Section 3545 (b) allows for the killing of a domestic pet or wolf hybrid when it is found “killing or worrying another domestic pet or wolf-hybrid, a domestic animal or fowl . . . when . . . the killing is reasonably necessary to prevent injury to the animal or fowl which is the subject of the attack.”

§ 352. Cruelty to animals

A person commits the crime of cruelty to animals if the person:

- (1) intentionally kills or attempts to kill any animal belonging to another person without first obtaining legal authority or consent of the owner;

VACRC Notes: Even with owner consent, the method of killing the animal must not cause “undue pain or suffering”, which is a felony offense under Section 352 (a)(1), Aggravated Cruelty to Animals.

- (2) overworks, overloads, tortures, torments, abandons, administers poison to, cruelly beats or mutilates an animal, or exposes a poison with intent that it be taken by an animal;

VACRC Notes: Determining whether an animal has been “overworked” or “overloaded” can be made only on a case-by-case basis considering the age, strength, and health of the animal, the weight of the load and the duration of the load. The action becomes cruel when more is being demanded of the animal than could reasonably be expected under the circumstance;

•Keep in mind that the definition of “torture” and “torment” (Def. 10) provides for criminal charges through “omission” or “neglect” as well as physical acts “whereby pain, suffering or death is caused or permitted”. “Torture” generally reflects physical pain, and “torment” refers to emotional or psychological stress;

•To “beat” an animal means to strike him, while to “mutilate” means to cut off or permanently destroy a limb or other essential body part. “Cruelly” indicates that the actions were being done under unjustified circumstances, or under otherwise justifiable circumstances but in an unjustifiable manner;

•Exposing poison with the intent that it be taken by an animal is an offense, even if the poison is not consumed.

- (3) ties, tethers, or restrains an animal, either a pet or livestock, in a manner that is inhumane or is detrimental to its welfare. Livestock and poultry husbandry practices are exempted;

- (4) deprives an animal which a person owns, possesses or acts as an agent for, of adequate food, water, shelter, rest, sanitation, or necessary medical attention, or transports an animal in overcrowded vehicles;

VACRC Notes: In Section 352 (4), depriving an animal of adequate food and water is concerned with maintaining the health of an animal, and includes such acts as removal of food or drink from the animal’s reach, physically barring the animal’s access to such items, and the owner’s affirmative duty to provide such items. (See also Chapter 5, “Animal Care Practices for Some Common Animals.”);

•Sections 352 (3) and (4) are “strict liability offenses”, which means it is not necessary to prove *intent* in order to prosecute. This is in contrast to other sections which require that the person act intentionally. For example, Section 352 (2) requires that the state prove the person *intended* for the animal to take the poison in a poisoning case. In all cases, however, the state must prove that the person’s actions were voluntary. The state would not prosecute someone who fails to properly care for an animal because of an unexpected turn of events like a natural disaster or a medical emergency.

- (5)(a) owns, possesses, keeps or trains an animal engaged in an exhibition of fighting, or possesses, keeps or trains any animal with intent that it be engaged in an exhibition of fighting, or permits any such act to be done on premises under his or her charge or control; or
- (5)(b) owns, possesses, ships, transports, delivers, or keeps a device, equipment, or implement for the purpose of training or conditioning an animal for participation in animal fighting, or enhancing an animal’s fighting capability.
- (6) acts as judge or spectator at events of animal fighting or bets or wagers on the outcome of such fight;
- (7) as poundkeeper, officer, agent of a humane society or as an owner or employee of an establishment for treatment, board or care of an animal, knowingly receives, sells, transfers or otherwise conveys an animal in his or her care for the purpose of research or vivisection;
- (8) intentionally torments or harasses an animal owned or engaged by a police department or public agency of the state or its political subdivisions, or interferes with the lawful performance of a police animal;
- (9) knowingly sells, offers for sale, barter or displays living baby chicks, ducklings or other fowl which have been dyed, colored or otherwise treated so as to impart to them an artificial color, or fails to provide poultry with proper brooder facilities;
- (10) uses a live animal as bait or lure in a race, game or contest, or in training animals in a manner inconsistent with Part 4 of Title 10 or the rules adopted thereunder. (Added 1989, No. 270 (Adj. Sess.), § 2; amended 1997, No. 130 (Adj. Sess.), § 7.)

VACRC Notes: Sections 352 (1) through (4) and (7) through (10) are misdemeanor offenses, while Sections 352 (5) and (6), related to animal fighting, and 352 (a)(1) and (2), related to aggravated cruelty to animals, are felony offenses (see Section 353(a) for penalties).

§ 352a. Aggravated cruelty to animals

A person commits the crime of aggravated cruelty to animals if the person:

- (1) Kills an animal by intentionally causing the animal undue pain or suffering; or (Added 1997, No. 130 (Adj. Sess.), § 8.; Added 2004, No. 120)
- (2) Intentionally, maliciously, and without just cause tortures, mutilates, or cruelly beats an animal. (Added 2004, No. 120)

§ 352b. Rules; affirmative defense

- (a) An enforcement officer implementing the provisions of section 352 or 352a of this title shall be guided by rules established by the commissioner.
- (b) Except as provided in subsection (c) of this section, an affirmative defense to prosecution under section 352 or 352a of this title may be raised when:
 - (1) except for vivisection or research under section 352(7) of this title, the defendant was a veterinarian whose conduct conformed to accepted veterinary practice for the area, or was a scientist whose conduct was a part of scientific research governed by accepted procedural standards subject to review by an institutional care and use committee;
 - (2) the defendant's conduct was designed to control or eliminate rodents, ants or other common pests on the defendant's own property;
 - (3) the defendant was a person appropriately licensed to utilize pesticides under chapter 87 of Title 6;
 - (4) the defendant humanely euthanized any animal as a representative of a duly organized humane society, animal shelter or town pound according to rules of this subchapter, or as a veterinarian destroying animals under chapter 193 or sections 3511 and 3513 of Title 20; or
 - (5) a state agency was implementing a rabies control program.
- (c) An affirmative defense to a charge of abandonment under section 352 of this title shall not be recognized where a person abandons an animal at or near an animal shelter or veterinary clinic, farm or other place of shelter, without making reasonable arrangements for the care of the animal.

VACRC Notes: Section 352b (c) makes it illegal to drop off or abandon an animal at any of the sites listed without making specific arrangements for the care of the animal, regardless of the expectation that care would be provided at the site.
- (d) The authority to enforce this chapter shall not be construed in a manner inconsistent with the animal control or disease control

eradication programs in Title 6, or chapters 191, 193, 194 and 195 of Title 20 or the provisions of part 4 of Title 10, or the rules adopted thereunder. (Added 1997, No. 130 (Adj. Sess.), § 9.)

§ 353. Degree of offense; sentencing upon conviction

(a) Penalties.

(1) Except as provided in subdivision (3) or (4) of this subsection, cruelty to animals under section 352 of this title shall be punishable by a sentence of imprisonment of not more than one year, or a fine of not more than \$2,000.00, or both. Second and subsequent convictions shall be punishable by a sentence of imprisonment of not more than two years or a fine of not more than \$5,000.00, or both.

VACRC Notes: Vermont law classifies misdemeanor and felony offenses by the amount of jail time prescribed. Penalties up to and including two years in jail classify the violation as a misdemeanor. Penalties of over two years in jail classify the violation as a felony.

(2) Aggravated cruelty under section 352a of this title shall be punishable by a sentence of imprisonment of not more than three years or a fine of not more than \$5,000.00, or both. Second and subsequent offenses shall be punishable by a sentence of imprisonment of not more than five years or a fine of not more than \$7,500.00, or both.

(3) An offense committed under subdivisions 352(5) and (6) of this title shall be punishable by a sentence of imprisonment of not more than 5 years, or a fine of not more than \$5,000.00, or both.

(b) In addition to any other sentence the court may impose, the court may require a defendant convicted of a violation under section 352 or 352a of this title to:

(1) Forfeit any rights to the animal subjected to cruelty, and to any other animal, except livestock or poultry owned, possessed, or in the custody of the defendant.

(2) Repay the reasonable costs incurred by any person, municipality or agency for providing care for the animal prior to judgment. If the court does not order a defendant to pay all the applicable costs incurred or orders only partial payment, it shall state on the record the reasons for that action.

(3) Forfeit any future right to own, possess, or care for any animal for a period which the court deems appropriate.

(4) Participate in available animal cruelty prevention programs or educational programs, or both, or obtain psychiatric or psychological

counseling, within a reasonable distance from the defendant's residence. If a juvenile is adjudicated delinquent under section 352 or 352a of this title, the court may order the juvenile to undergo a psychiatric or psychological evaluation and to participate in treatment that the court determines to be appropriate after due consideration of the evaluation. The court may impose the costs of such programs or counseling upon the defendant when appropriate.

- (a) Except as provided in subdivision (B) of this subdivision (4), a person found in violation of subdivision 352 (3), (4), or (9) of this title pursuant to this subdivision shall be imprisoned not more than one year or fined not more than \$2,000, or both. Second and subsequent convictions shall be punishable by a sentence of imprisonment of not more than two years or a fine of not more than \$5,000, or both. (Added 2007, No. 51)
- (b) A law enforcement officer may issue a civil citation to a person who violates subdivision 352 (3), (4), or (9) of this title if the person has not been previously adjudicated in violation of this chapter. A person adjudicated in violation of subdivision 352 (3), (4), or (9) of this title pursuant to this subdivision shall be assessed a civil penalty of not more than \$500.00. At any time prior to the person admitting the violation and paying the assessed penalty, the state's attorney may withdraw the complaint filed with the judicial bureau and file an information charging a violation of subdivision 352 (3), (4), or (9) of this title in the Criminal Division of the Superior Court.

VACRC Notes: This civil enforcement measure allows law enforcement officers some flexibility when handling cases. This can only be applied to first offense violation(s) of sections 352 (3), (4) or (9). A law enforcement officer may withdraw the civil complaint and file criminal charges. According to Title 13, section 21, subsection 7251(d), all fines, forfeitures and penalties are paid to the respective village, town, or city (minus a \$12.50 administrative fee). Only enforcement officers authorized and certified to write tickets may write a ticket for an animal cruelty infraction.

- (c) Nothing in this subdivision shall be construed to require that a civil citation be issued prior to a criminal charge of violating subdivision 352(3), (4), or (9) of this title.
- (5) Permit periodic unannounced visits for a period up to one year by a humane officer to inspect the care and condition of any animal permitted by the court to remain in the care, custody, or possession of the defendant. Such period may be extended by the court upon motion made by the state.

- (c) Upon an order of forfeiture of an animal under this section or section 354 of this title, the court shall order custody of the animal remanded to a humane society or other individual deemed appropriate by the court, for further disposition in accordance with accepted practices for humane treatment of animals. A transfer of rights under this section constitutes a transfer of ownership, and shall not constitute or authorize any limitation upon the right of the humane society, individual, or other entity, to whom rights are granted to dispose of the animal. (Added 1989, No. 270 (Adj. Sess.), § 2; amended 1997, No. 130 (Adj. Sess.), § 10.)

§ 354. Enforcement; possession of abused animal; searches and seizures; forfeiture

- (a) The commissioner of agriculture, food and markets shall be consulted prior to any enforcement action brought pursuant to this chapter which involves livestock and poultry.

VACRC Notes: An “enforcement action” includes anything beyond the initial investigation conducted by the humane agent. See also “Consulting with the Agency of Agriculture on Livestock Cruelty” in Appendix IV, Fact Sheets & Articles.

- (b) Any humane officer as defined in section 351 of this title may enforce this chapter. As part of an enforcement action, a humane officer may seize an animal being cruelly treated in violation of this chapter.

VACRC Notes: While humane officers are given broad powers to seize animals in cruelty cases, it is critical for them to be familiar with 4th Amendment law. While Vermont law allows for the seizure of animals without a search warrant under special circumstances (see Section 354 (b) 3 below), it is STRONGLY recommended that a search warrant be obtained whenever possible. Humane officers employed by private shelters are also well-advised to partner with local law enforcement agencies when seizing animals since they have experience and training in preparing and executing search warrants. Improper seizure is a violation of the 4th Amendment, and will most likely result in a case that cannot be prosecuted as well as a possible return of the animals seized.

- (1) Voluntary surrender. A humane officer may accept animals voluntarily surrendered by the owner anytime during the cruelty investigation. The humane officer shall have a surrendered animal examined and assessed within 72 hours by a veterinarian licensed to practice in the state of Vermont.
- (2) Search and seizure using a search warrant. A humane officer having probable cause to believe an animal is being subjected to cruel

treatment in violation of this subchapter may apply for a search warrant pursuant to the Rules of Criminal Procedure to authorize the officer to enter the premises where the animal is kept and seize the animal. The application and affidavit for the search warrant shall be reviewed and authorized by an attorney for the state when sought by an officer other than an enforcement officer defined in 23 V.S.A. § 4(11). A veterinarian licensed to practice in Vermont must accompany the humane officer during the execution of the search warrant.

VACRC Notes: If you are working with a veterinarian who practices in a bordering state, make sure they hold a license in Vermont as well if they are assisting with the execution of a search warrant.

- (3) Seizure without a search warrant. If the humane officer witnesses a situation in which the humane officer determines that an animal's life is in jeopardy and immediate action is required to protect the animal's health or safety, the officer may seize the animal without a warrant. The humane officer shall immediately take an animal seized under this subdivision to a licensed veterinarian for medical attention to stabilize the animal's condition and to assess the health of the animal.

VACRC Notes: It is STRONGLY recommended that animals not be seized without a warrant unless immediate action is necessary to protect the animal's life. Note the requirement for the seized animal to immediately be seen by a licensed veterinarian for medical attention, stabilization and assessment.

- (c) A humane officer shall provide suitable care at a reasonable cost for an animal seized under this section, and have a lien on the animal for all expenses incurred. A humane officer may arrange for the euthanasia of a severely injured, diseased, or suffering animal upon the recommendation of a licensed veterinarian. A humane officer may arrange for euthanasia of an animal seized under this section when the owner is unwilling or unable to provide necessary medical attention required while the animal is in custodial care or when the animal cannot be safely confined under standard housing conditions. An animal not destroyed by euthanasia shall be kept in custodial care and provided with necessary medical care until final disposition of the criminal charges except as provided in subsections (d) through (h) of this section. The custodial caregiver shall be responsible for maintaining the records applicable to all animals seized, including identification, residence, location, medical treatment, and disposition of the animals.

(d) If an animal is seized under this section, the State may institute a civil proceeding for forfeiture of the animal in the territorial unit of the district court where the offense is alleged to have occurred. The proceeding shall be instituted by a motion of forfeiture, if a criminal charge has been filed, or a petition for forfeiture if no criminal charge has been filed, which shall be filed with the court and served upon the animal's owner. The civil forfeiture proceeding is intended to run independently from any criminal prosecution and shall not be delayed pending disposition of any criminal proceeding.

VACRC Notes: This section permits the state to request forfeiture of the animal(s) before the criminal case is resolved. This requires a hearing in which the state must present testimony that establishes by "clear and convincing evidence" of a Section 352 or 352a violation. If the state meets its burden:

•The caregiver can recover its costs for caring for the animal if the person is later convicted of the criminal charge (See Section 354 (g)(1) below).

•If the defendant is acquitted of charges, their animals are returned to them (see Sections 354 (g)(2)(a) and (b))and they are not responsible for caregiver's costs of caring for the animals (see Section 354 (g)(2)(c)).

(e)(1) A preliminary hearing shall be held within 21 days of institution of the civil forfeiture proceeding. If the defendant requests a hearing on the merits, the Court shall schedule a final hearing on the merits to be held within 21 days of the date of the preliminary hearing. Time limits under this subsection shall not be construed as jurisdictional. (Added 2004, No. 120)

VACRC Notes: The court does not lose its ability to still hear the case if the forfeiture hearing is not set within 21 days.

(2) If the defendant fails to respond to the notice for preliminary hearing, the Court shall enter a default judgment ordering the immediate forfeiture of the animal in accordance with the provisions of subsection 353(c) of this title. A motion to reopen a default judgment shall be filed in writing with the Court no later than 30 days after entry of a default judgment. A default judgment shall not be reopened unless good cause is shown.

(3) No testimony or other information presented by the defendant in connection with a forfeiture proceeding under this section or any information directly or indirectly derived from such testimony or other information may be used for any purpose, including impeachment and cross-examination, against the defendant in any criminal case, except a prosecution for perjury or giving a false statement.

(f) At the hearing on the motion for forfeiture, the state shall have the burden of establishing by clear and convincing evidence that the animal was subjected to cruelty, neglect or abandonment in violation of section 352 or 352a of this title. The court shall make findings of fact and conclusions of law and shall issue a final order. If the state meets its burden of proof, the motion shall be granted and the court shall order the immediate forfeiture of the animal in accordance with the provisions of subsection 353(c) of this title.

(g)(1) If the defendant is convicted of criminal charges under this chapter or if an order of forfeiture is entered against an owner under this section, the defendant or owner shall be required to repay all reasonable costs incurred by the custodial caregiver for caring for the animal, including veterinary expenses. The Restitution Unit within the Center for Crime Victim Services is authorized to collect the funds owed by the defendant or owner on behalf of the custodial caregiver or a government agency that has contracted or paid for custodial care in the same manner as restitution is collected pursuant to section 7043 of this title. The restitution order shall include the information required under subdivision 7043(e)(2)(A) of this title. The Court shall make findings with respect to the total amount of all costs incurred by the custodial caregiver.

(2)(a) If the defendant is acquitted of criminal charges under this chapter and a civil forfeiture proceeding under this section is not pending, an animal that has been taken into custodial care shall be returned to the defendant unless the State institutes a civil forfeiture proceeding under this section within seven days of the acquittal.

(Added 2004, No. 120)

VACRC Notes: If the defendant is acquitted of criminal charges, the state may still seek a civil forfeiture proceeding within 7 days of the acquittal.

(2)(b) If the court rules in favor of the owner in a civil forfeiture proceeding under this section and criminal charges against the owner under this chapter are not pending, an animal that has been taken into custodial care shall be returned to the owner unless the state files criminal charges under this section within seven days after the entry of final judgment. (Added 2004, No. 120)

VACRC Notes: Criminal charges may still be filed within 7 days after entry of final judgment, even if the court rules in favor of the defendant.

(2)(c) If an animal is returned to a defendant or owner under this subdivision, the defendant or owner shall not be responsible for the costs of caring for the animal. (Added 2004, No. 120)

- (h) A forfeiture order issued under this section may be appealed as a matter of right to the Supreme Court. The order shall not be stayed pending appeal.

VACRC Notes: If the defendant appeals to the Supreme Court, the forfeiture orders remains in place and is not “frozen” pending appeal.

- (i) The provisions of this section are in addition to and not in lieu of the provisions of section 353 of this title.
- (j) It is unlawful for a person to interfere with a humane officer or the secretary of agriculture, food and markets engaged in official duties under this chapter. A person who violates this subsection shall be prosecuted under section 3001 of this title. (Added 1989, No. 270 (Adj. Sess.), § 2; amended 1997, No. 130 (Adj. Sess.), § 11.)

§ 355. Interference with or Cruelty to a Guide Dog

- (a) As used in this section:

- (1) “Custody” means the care, control, and maintenance of a dog.
- (2) “Guide dog” means a dog, with visible identification of its status, whose status is reasonably identifiable, individually trained to do work or perform tasks for the benefit of an individual with a disability for purposes of guiding an individual with impaired vision, alerting an individual with impaired hearing to the presence of people or sounds, assisting an individual during a seizure, pulling a wheelchair, retrieving items, providing physical support and assistance with balance and stability, and assisting with navigation.

- (3) “Notice” means:

- (A) a verbal or otherwise communicated warning regarding the behavior of another person and a request that the person stop the behavior; and
- (B) a written confirmation submitted to the local law enforcement agency, either by the owner of the guide dog or another person on his or her behalf, which shall include a statement that the warning and request was given and the person’s telephone number.

- (b) No person shall recklessly injure or cause the death of a guide dog, or recklessly permit a dog he or she owns or has custody of to injure or cause the death of a guide dog. sold. The clerks shall forward the fees collected under this subsection to the state treasurer on or before the 15th day of May, September and January of each year, together with an accounting of the licenses sold. This section shall not create an obligation on the part of any municipal legislative body to conduct inspections.
- (b) Inspections shall be scheduled in advance with the pet dealer or pet dealer's agent. Inspections shall be conducted to facilitate compliance with the applicable standards in Part 3 (Standards) of the Animal Welfare Regulations adopted by the Agency of Agriculture, Food and Markets relating to cats, dogs, and wolf-hybrids. Photographs or videos of the pet dealer's premises or property shall not be taken during an inspection and while on the pet dealer's premises without the written consent of the permit holder. Repeated failure to consent to an inspection may result in a revocation of the pet dealer permit.
- (c) If an inspector, during the course of an inspection under this section, has reason to believe that a criminal animal welfare violation exists on the pet dealer's premises, nothing in this chapter shall preclude a criminal investigation into the suspected violation or shall preclude seeking the remedies available under 13 V.S.A. chapter 8. Assessment of an

administrative penalty under this chapter shall not prevent assessment of a criminal penalty under 13 V.S.A. chapter 8.

- (d) The inspector shall record the results of each inspection in a log and sign and date each entry. The entries shall be submitted to the municipality, which shall maintain records of all pet dealer inspections. A copy of the inspection results shall be provided to the permit holder.

§ 3683. Quarantine of premises

(Amended 1971, No. 27, § 4, eff. March 24, 1971; 1993, No. 213 (Adj. Sess.), § 21, eff. April 1, 1995.)

§ 3742. Notice of damage; appraisal

A person who suffers loss by the worrying, maiming or killing of his sheep, lambs, fowls or other domestic animals, by dogs, within twenty-four hours after he learns of such damage, shall give notice thereof to one or more of the selectmen of the town wherein the damage was done, who shall proceed to the premises where the damage was done, and determine whether the same was inflicted by dogs, and, if so, appraise the amount thereof and return a certificate of such amount to the selectmen of such town; but if, in the opinion of the selectman, the amount of such damage exceeds \$ 20.00, he shall appoint two disinterested persons, who, with the selectman, shall appraise the amount of such damage and return a certificate of the same to the selectmen of such town forthwith. Such appraisal shall be for the full value of all animals killed, not less than one-half value of all animals maimed and not less than fifty cents per head for any injury to the remainder of the flock over three months of age, caused by worrying.

§ 3743. Examination of certificate

Such selectmen shall forthwith examine such certificate and, when doubt exists, may summon the appraisers and all parties interested and make such examination as they deem proper. They shall issue an order upon the treasurer of the town in which the damage was done, for all or any part thereof, as justice requires.

§ 3744. Fees and travel expenses

The appraisers shall receive from the town treasurer, out of the moneys received under the provisions of this subchapter, \$1.00 each for every examination so made by them, and the selectman acting in the case shall receive twenty cents a mile one way, for his necessary travel.

§ 3745. Identification and killing of dogs

A selectman, when called upon to appraise damage done to sheep or other domestic animals by dogs, shall make

inquiry and, if possible, identify dogs so killing, worrying or wounding such sheep or other domestic animals; and when such selectman has, to his satisfaction, identified such dogs, he shall issue his warrant to a constable or police officer, commanding him forthwith to kill such dog or dogs wherever found; and the officer shall receive for such service the fees prescribed by law for the killing of unlicensed dogs. The selectmen may offer a reward for the identification of such dogs. Such reward shall not exceed the sum of \$5.00 and shall be paid by the town treasurer out of the moneys received under the provisions of this subchapter.

§ 3746. Action against town

Upon failure of the selectmen to perform the duties prescribed in sections 3742 and 3743 of this title, or the treasurer to make payment as prescribed by section 3543 of this title, the party suffering the loss may recover the same of such town in a civil action, with costs.

§ 3747. Action by town against owner of dogs

The town may bring a civil action against the owner or keeper of a dog involved in doing damage to sheep, lambs or other domestic animals, in such town, which damage the selectmen have ordered to be paid, to recover the full amount thereof to the use of such town.

§ 3748. Action by sheep owner against dog owner

If sheep are worried, wounded or killed by a dog, the owner or keeper of such dog, whether it is accustomed to worry, wound or kill sheep or not, shall pay to the owner of such sheep double the damages sustained, to be recovered in a civil action, with double costs. If the injury complained of is occasioned by two or more dogs acting jointly, belonging to different owners or keepers, the person injured may have a joint action against the different owners or keepers of such dogs, and recover joint damages and costs against all.

§ 3749. Bounty on dog killing or worrying sheep

Selectmen may offer a bounty of \$5.00 for anyone killing a dog caught in the act of killing or worrying sheep.

§ 3801. Rabies control authority

In addition to the responsibilities provided by this chapter, the department of agriculture, food and markets shall generally be responsible for management of rabies in livestock, education of veterinarians and livestock owners concerning rabies and vaccination recommendations for livestock. The department of fish and wildlife shall generally be responsible for management of rabies in wildlife and the education of the sporting community, municipal officials and the general public about rabies in wildlife. The department of health shall generally be responsible for the prevention of rabies in humans, management of rabies in animals that may have exposed humans, and assisting with diagnosis of rabies in animals that may have exposed humans and supervision of health officials' education.
- (b) In addition to any other applicable authority, the three departments may individually, or jointly, adopt rules to control the spread of rabies within a specific region, or within the state as a whole. The commissioner of agriculture, food and markets is authorized to adopt rules necessary to control the spread of rabies in domestic animals, domestic pets and wolf-hybrids, including mandating the vaccination of specific species of animals, the conditions under which rabies inoculation clinics may be operated and establishing quarantines for domestic animals. The commissioner of fish and wildlife is authorized to adopt rules necessary to control the spread of rabies in wildlife, including mandating the vaccination of specific species of wild animals, translocation of wild animals and the destruction of wild animals through the use of registered pesticides, trapping or other means as may be necessary. The commissioner of health is authorized to adopt rules requiring the reporting of incidents of animals biting humans, the confinement, quarantine, observation and disposition of animals that are suspected of exposing humans to rabies, and the

disposition of animals bitten by animals suspected of carrying rabies and other rules as necessary to protect the general public from rabies.

- (c) The departments may cooperate with other federal, state and local officials in controlling the spread of rabies within the state and within the region. (Amended 1965, No. 36, § 4, eff. April 28, 1965; 1983, No. 158 (Adj. Sess.), eff. April 13, 1984; 1989, No. 256 (Adj. Sess.), § 10(a), eff. Jan. 1, 1991; 1993, No. 213 (Adj. Sess.), § 23, eff. June 15, 1994.)

§ 3802. Quarantine

With the approval of the governor, a town, county or the entire state may be placed under quarantine for such time as may be considered necessary by the commissioner of health, or the commissioner of agriculture, food and markets. (Amended 1993, No. 213 (Adj. Sess.), § 24, eff. June 15, 1994.)

§ 3803. Notice

When a quarantine is established as provided in section 3802 of this title notice of such quarantine shall be sent to the chairman of boards of selectmen, mayors, health officers and to the town clerk of each municipality in the quarantined area. Notice of such quarantine shall be printed in one or more newspapers circulating in the quarantined area.

§ 3806. Confining or impounding a domestic pet or wolf-hybrid

- (a) Any person authorized to enforce state livestock disease control, health, wildlife, or criminal laws and any person authorized to enforce local ordinances may confine, or impound any domestic pet or wolf-hybrid when:
 - (1) It is suspected of having been exposed to rabies.
 - (2) It is believed to have been attacked by another animal which may be rabid.
 - (3) It has been attacked by a wild animal.
 - (4) It has been running at large in violation of any of the provisions of this subchapter.
 - (5) It has an unknown rabies vaccination history.

- (b) In the event that a domestic pet or wolf-hybrid is confined or impounded under this section, the owner, if known, shall be notified within 24 hours. Notification may be accomplished by in-person communication, by telephone call, or by written statement sent to the last known address of the owner. If the owner's address is not known, notification may be posted in the municipal clerk's office and other usual places for public notice for a one-week period.
- (c) Any domestic pet or wolf-hybrid which is considered a rabies suspect shall be managed in accordance with the rules of the department of health. Rules adopted by the department of health in accordance with this chapter shall provide for management of domestic pets or wolf-hybrids for whom there is no approved rabies vaccine. (Amended 1993, No. 213 (Adj. Sess.), § 25, eff. June 15, 1994.)

§ 3807. Killing a domestic pet or wolf-hybrid

- (a) When the legislative body, a municipal officer designated by the legislative body, the commissioner of the department of fish and wildlife, the commissioner of the department of health or the commissioner of the department of agriculture, food and markets reasonably suspects that a domestic pet or wolf-hybrid impounded under section 3806 of this title has been exposed to rabies, has been attacked by a rabid animal or has been running at large in violation of any of the provisions of this subchapter the official shall order the domestic pet or wolf-hybrid to be killed. However, if the official finds that it is not reasonable to suspect that a domestic pet or wolf-hybrid impounded under section 3806 of this title is rabid or has been exposed to rabies, the official may deliver the domestic pet or wolf-hybrid to the owner. When it is impractical to confine or impound a domestic pet or wolf-hybrid pursuant to section 3806 of this title, or when the owner of a domestic pet or wolf-hybrid confined or impounded cannot be ascertained, the officials may immediately order the domestic pet or wolf-hybrid to be killed.

- (b) In the event that a domestic pet is suspected of exposing a human, pet, wolf-hybrid, or domestic animal to rabies, it shall be managed in accordance with the provisions of this subchapter and the rules of the department of health.
- (c) Since there is no approved pre-exposure rabies vaccine for wolf-hybrids, until the commissioner finds and approves a rabies vaccine, any wolf-hybrid which bites or otherwise exposes a human, pet, or domestic animal to rabies shall immediately be destroyed and its head shall be sent to the state department of health for the purpose of testing its brain tissue for the presence of the disease. If an alternative means of testing is provided by rule of the department of health, that procedure may be substituted for the procedure described in this subsection. The legislative body of the municipality or a municipal officer designated by the legislative body shall be responsible for ensuring the provisions of this subsection are carried out. (Amended 1993, No. 213 (Adj. Sess.), § 26, eff. June 15, 1994.)

§ 3808. Fees for killing domestic pets or wolf-hybrids

The owner of an impounded domestic pet or wolf-hybrid or the town, in case the owner of the domestic pet or wolf-hybrid cannot be identified, shall be liable for all such fees. (Amended 1993, No. 213 (Adj. Sess.), § 27, eff. June 15, 1994.)

§ 3809. Killing a domestic pet or wolf-hybrid which attacks a person or domestic animal

Nothing in this subchapter shall be construed as preventing any person from killing a suspected rabid domestic pet or wolf-hybrid which attacks a person, another domestic pet or wolf-hybrid or domestic animal. A person so killing such domestic pet or wolf-hybrid shall not be held liable for damages for such killing. (Amended 1993, No. 213 (Adj. Sess.), § 28, eff. June 15, 1994.)

§ 3810. Repealed. 1993, No. 213 (Adj. Sess.), § 32, eff. June 15, 1994.

§ 3811. Carcass disposal

In order to protect the public health, the legislative body of a municipality or a municipal officer designated by the legislative body may dispose of the carcass of any animal suspected of having been exposed to rabies through incineration. Disposal of animal carcasses in the manner provided by this section shall not be subject to the provisions of chapter 23 of Title 10 and the rules promulgated thereunder. (Added 1993, No. 213 (Adj. Sess.), § 29, eff. June 15, 1994.)

§ 3812. Immunity from liability for volunteers

Any person who as a volunteer conducts or assists at a nonprofit public clinic for inoculating domestic pets, wolf-hybrids, and domestic animals against rabies shall not be liable to any other person for injuries resulting from the loss of animals, animal bites and from the inoculation process. (Added 1993, No. 213 (Adj. Sess.), § 30, eff. June 15, 1994.)

§ 3813. Vaccination administration

- (a) The commissioner may purchase rabies vaccine for distribution at reduced cost to the public through rabies clinics.
- (b) The commissioner shall ensure that reduced cost rabies clinics take place in all geographic areas of the state and shall cooperate with the veterinary profession to make certain that all owners of domestic pets and wolf-hybrids have access to reasonably priced rabies vaccines.
- (c) Veterinarians shall provide an owner of a domestic pet or wolf-hybrid with a completed rabies vaccination form and tag for each animal which has been inoculated against rabies. (Added 1993, No. 213 (Adj. Sess.), § 31, eff. June 15, 1994.)

Subchapter 3. Sale of cats, dogs, and wolf-hybrids

§ 3921. SALE OF A CAT, DOG, OR WOLF-HYBRID; RESTITUTION

- (a) If, within seven days following the sale of a cat, dog, or wolf-hybrid by a pet dealer or pet shop, a licensed veterinarian of the consumer's choosing certifies the cat, dog, or wolf-hybrid to be unfit for purchase due to illness or the presence of signs of contagious or infectious disease or if within one year the veterinarian certifies the existence of congenital malformation or hereditary disease, the consumer may act under subdivision (1) of this subsection or, if mutually agreed upon, under subdivision (2) or (3) of this subsection. The consumer shall have the right:
- (1) to return the cat, dog, or wolf-hybrid to the pet dealer or pet shop and receive a full refund of the purchase price, including sales tax and reasonable veterinary fees related to certification under this section. A veterinary finding of intestinal parasites is not grounds for declaring a cat, dog, or wolf-hybrid unfit, nor is an injury or illness sustained subsequent to the consumer taking possession of a cat, dog, or wolf-hybrid; or
 - (2) to return the cat, dog, or wolf-hybrid to the pet dealer or pet shop and receive an exchange cat, dog, or wolf-hybrid of the consumer's choice of equivalent value

and reasonable veterinary costs related to certification under this subsection; or

- (3) to retain the cat, dog, or wolf-hybrid and receive reimbursement from the pet dealer or pet shop for reasonable veterinary service for the purpose of curing or attempting to cure the cat, dog, or wolf-hybrid. In no case shall this service exceed the purchase price of the cat, dog or wolf-hybrid. Value of service is reasonable if it compares to similar service rendered by other veterinarians in the area, but in no case may it cover costs not directly related to the certification of unfitness.
- (b) The Secretary shall prescribe a form for and the content of the certificate to be used under subsection (a) of this section. The form shall include an identification of the type of cat, dog, or wolf-hybrid, the owner, date and diagnosis, the treatment recommended, if any, and an estimated cost of the treatment. The form shall also include notice of the provisions of subsection (a) of this section.
- (c) Every pet dealer or pet shop who sells a cat, dog, or wolf-hybrid to a consumer shall provide the consumer at the time of sale with the written form prescribed by the Secretary. The notice may be included in a written contract, a certificate of the history of the cat, dog, or wolf-hybrid, or another separate document.
- (d) The Secretary shall prescribe by rule other information which shall be provided in writing by the pet dealer or pet shop to the consumer at the time of sale. The information shall include a description of the cat, dog, or wolf-hybrid, including breed and date of purchase; the name, address, and telephone number of the consumer; and the purchase price. Certification of this document occurs when signed by the pet dealer or pet shop.
- (e) Refund or reimbursement required under subsection (a) of this section shall be made within ten business days following receipt of the signed veterinary certification. The certification shall be presented to

the pet dealer or pet shop within three business days by the consumer.

§ 3922. CHALLENGE BY PET DEALER OR PET SHOP

A pet dealer or pet shop may contest a demand for reimbursement, refund, or exchange under section 3921 of this title by requiring the consumer to produce the cat, dog, or wolf-hybrid for examination by a licensed veterinarian of the pet dealer or pet shop's designation. If the consumer and the pet dealer or pet shop are unable to reach an agreement under the provisions of this section within ten business days of an examination, the consumer may initiate an action in a court of competent jurisdiction in the locality where the consumer resides to obtain a refund, exchange, or reimbursement. Nothing in this section shall limit the rights or remedies which are otherwise available to the consumer under any other law.

§ 3923. ADMINISTRATIVE PENALTIES

The Secretary may assess administrative penalties under 6 V.S.A. §§ 15–17 not to exceed \$1,000.00 for violations of this subchapter.

§ 3924. EXEMPTIONS

Duly incorporated humane societies, rescue organizations, or animal shelters that make animals available for adoption are exempt from the requirements of this subchapter.

Primary enclosures shall be so placed as to protect the dogs and cats from excessive illumination.
- (d) **Interior surfaces.** The interior building surfaces of indoor housing facilities shall be constructed and maintained so that they are substantially impervious to moisture and may be readily sanitized.
- (e) **Drainage.** A suitable method shall be provided to rapidly eliminate excess water from indoor housing facilities. If drains are used, they shall be properly constructed and kept in good repair to avoid foul odors there from. If closed drainage systems are used, they shall be equipped with traps and so installed as to prevent any backup of sewage onto the floor of the room.

Not more than 12 adult nonconditioned dogs shall be housed in the same primary enclosure.

This requirement may be computed by using the following equation:

$(\text{length of dog in inches} + 6)^2 / 144 \text{ in}^2 / \text{ft}^2 = \text{required square feet of floor space.}$

(ii) **Dog house with chains.** If dog houses with chains are used as primary enclosures for dogs kept outdoors, the chains used shall be so placed or attached that they cannot become entangled with the chains of other dogs or any other objects. Such chains shall be of a type commonly used for the size dog involved and equipped with snap hooks and shall be attached to the dog by means of a well fitted collar. SECTION 3.12 PRIMARY ENCLOSURES USED TO TRANSPORT DOGS AND CATS.

- (a) Primary enclosures, such as compartments or transport cages, cartons or crates, used to transport dogs or cats, shall be well-constructed and well-ventilated and designed to protect the health and insure the safety of the animals. Such enclosures shall be constructed or positioned in the vehicle in such a manner that (1) each animal in the vehicle has access to sufficient air for normal breathing, (2) the openings of such enclosures are easily accessible at all times for emergency removal of the animals and (3) the animals are afforded adequate protection from the elements. The ambient temperature shall not be allowed to exceed 95°F, at any time nor exceed 85°F unless the animals are acclimated to lower temperatures.

§ 1103. REQUESTS FOR RELIEF

(a) Any family or household member may seek relief from abuse by another family or household member on behalf of him or herself or his or her children by filing a complaint under this chapter. The plaintiff shall submit an affidavit in support of the order.

(c) If the court finds that the defendant has abused the plaintiff and that there is a danger of further abuse, the court shall make such orders as it deems necessary to protect the plaintiff, the children, or both, which may include the following:

* * *

(7) an order concerning the possession, care and control of any animal owned, possessed, leased, kept, or held as a pet by either party or a minor child residing in the household.

VACRC Notes: A large percentage of domestic violence victims will delay leaving or not leave an abusive situation for fear of retaliation against their pets. This law allows judges to include pets in protection from abuse orders.

USDA LAW AND ANIMAL CRUELTY

The USDA Animal Welfare Act may be relevant when you investigate animal cruelty that involves the following:

- Animal dealers, such as dog breeders, breeders of research animals
- Breeders of hunting dogs, security dogs
- Animal exhibitors, such as zoos (including roadside zoos), carnivals, circuses, animal acts, educational exhibits
- Airport terminal animal holding facilities
- Any business (including pet stores) that deals with wild animals that are not indigenous to Vermont (meaning not native to the state, for example, prairie dogs, pot bellied pigs, etc.)

In general, such enterprises must be licensed by the USDA and operated according to the standards established by the Animal Welfare Act. Document your case and contact the USDA field office for Vermont at (703)-812-6029, or the main office in Maryland at (410) 962-7463, and present them with your findings. If you have a situation you are not sure of, call the USDA to find out.

Examples:

1. You may be investigating a case involving an irresponsible breeder or puppy mill owner who is in violation of Title 13.

If the breeder has more than three breeding bitches and is selling the litters wholesale, he must be licensed under the Animal Welfare Act and must be in compliance with standards specified under the Animal Welfare Act.

2. You may be investigating a case involving a roadside zoo which is violating Title 13.

If the zoo contains animals that are not indigenous to Vermont (meaning they are not native to the state, but have been imported from somewhere else, such as lion cubs, for example) then the zoo must be licensed by the USDA and meet certain mandated standards of care established by the Animal Welfare Act.
